

# 1 Approaches to ATB

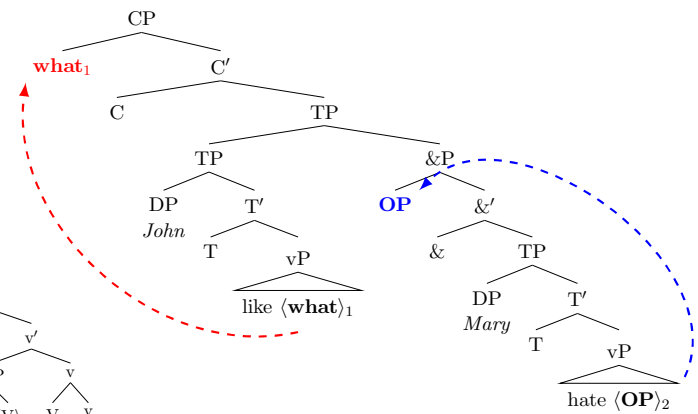

(1) Fusion:

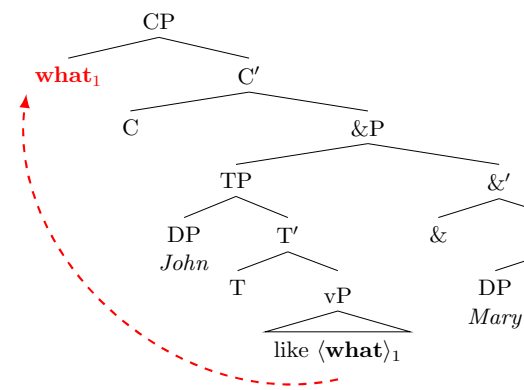

(3) Multi-dominance:

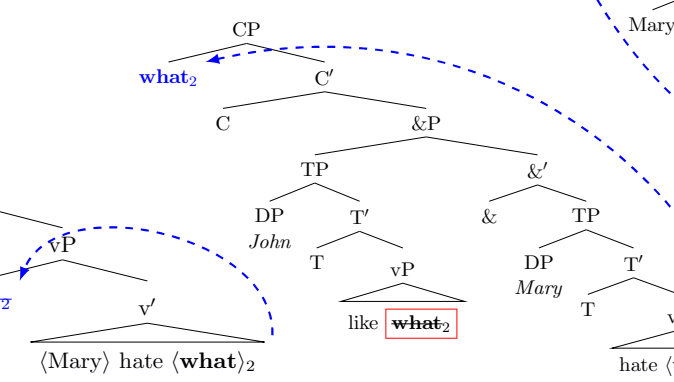

(5) Empty OP-movement:

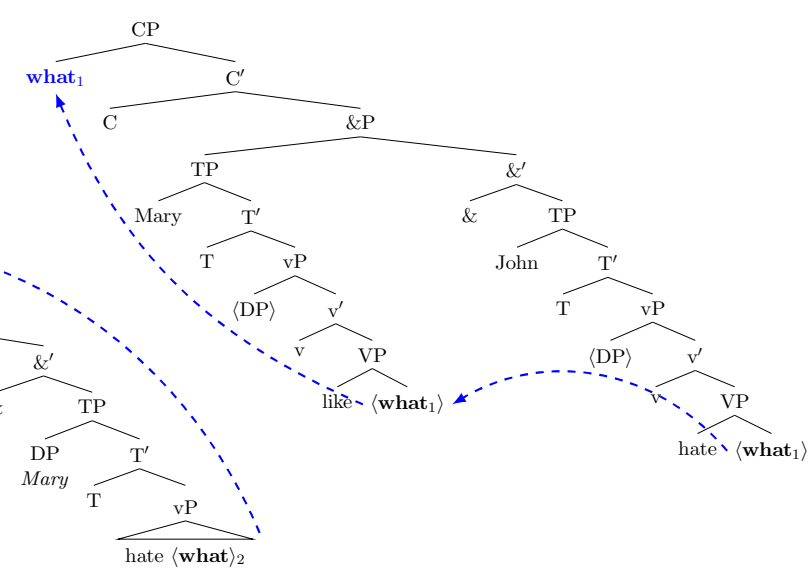

(2) Forward ellipsis:

(4) Backward ellipsis:

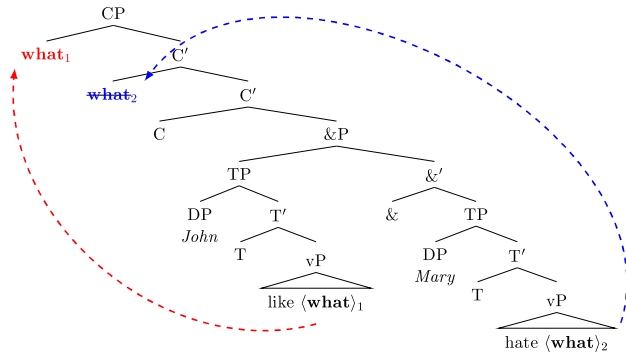

(6) Sideward movement:

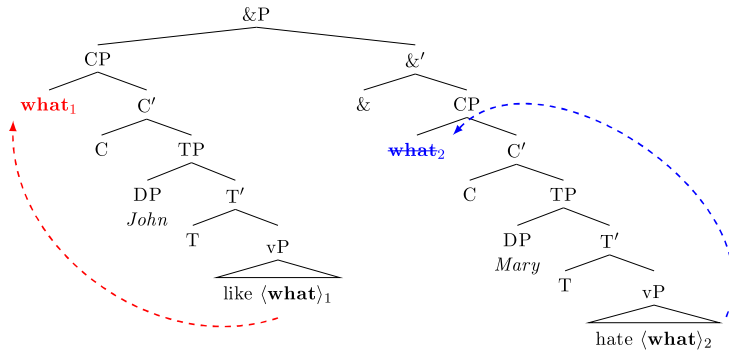

1

Approaches to ATB that are rarely adopted/rejected by most researchers:

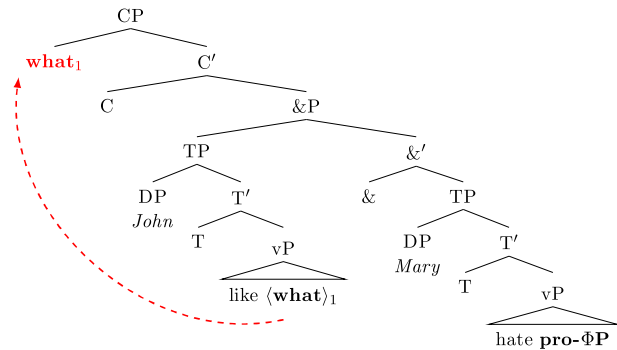

(7) Haplogy reduction

(8) CP-coordination + PF-deletion:

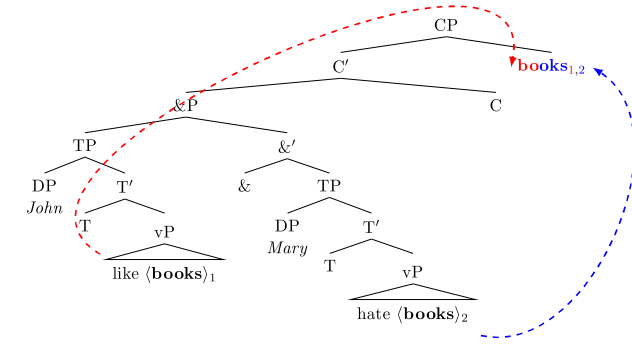

(9) Pro-approach:

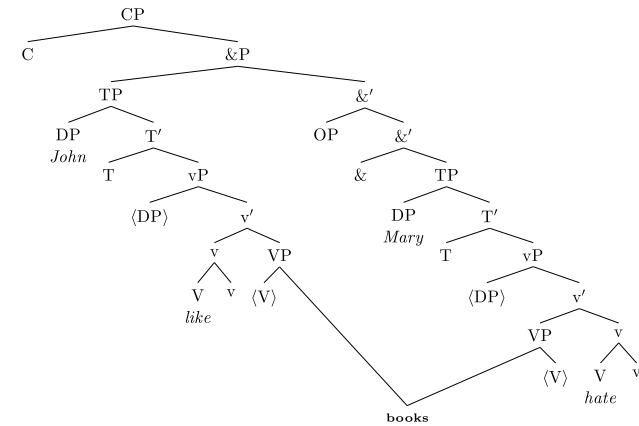

Approaches to RNR

(10) Rightward movement + fusion:

(11) Multi-dominance:

(12) Backward ellipsis:
